**30TH ANNIVERSARY OF THE HESSLER PIPE ORGAN
REDEDICATION CONCERT
TODAY — 3 P.M. — HOPE CHURCH SANCTUARY**

October 2017 marks the 500th anniversary of the Protestant Reformation. It also marks the 30th Anniversary of the Heissler Pipe Organ at Hope Church. A rededication concert is **TODAY at 3 p.m.**

Philip King, Associate Director of Music, has invited Patty Muller, Organist at Beymer Memorial United Methodist Church, who played the dedicatory recital October 4, 1987 to join him for this 30th Anniversary Concert. Darwin Klug who designed and built the organ will also be in attendance.

The Heissler organ was manufactured in Markelsheim, Germany and installed at Hope by Darwin Klug and members of the Heissler family. It is a "tracker" instrument, which means the action is mechanical rather than electronic; pressing a key causes a series of mechanical actions to occur resulting in a pipe making sound. The three manual (keyboards) instrument has 20 different stops ranging from flutes and strings to oboes and trumpets. There are more than 1200 pipes in the organ that range in size from one inch to nineteen feet. Purchased for \$98,000 in 1987, the organ is valued today at approximately \$750,000, a considerable return on investment.
